Andorra

Overall Risk Score: 28

Risk Level: low

This score is a composite of the four domain scores discussed below, which are weighted and combined to produce the overall country risk score. Each country is given a score from 1 to 100 for each domain and for the total bribery risk. A higher score indicates a higher risk of business bribery. Assessments of whether a given domain score is "good" or "poor" are made relative to all other jurisdictions within that domain.

1. Business Interactions with Government: Andorra has no data for this domain. It receives a good score of 25 based on a gradient-boosting imputation algorithm.

2. Anti-bribery Deterrence and Enforcement: Andorra receives a good score of 30 in this domain, based on a high quality of anti-bribery dissuasion.

3. Government and Civil Service Transparency: Andorra receives a good score of 37 in this domain, based on good governmental transparency.

4. Capacity for Civil Society Oversight: Andorra receives a good score of 21 in this domain, based on a high degree of media freedom/quality and a high degree of civil society engagement.
