Seychelles

Overall Risk Score: 42

Risk Level: medium

This score is a composite of the four domain scores discussed below, which are weighted and combined to produce the overall country risk score. Each country is given a score from 1 to 100 for each domain and for the total bribery risk. A higher score indicates a higher risk of business bribery. Assessments of whether a given domain score is “good” or “poor” are made relative to all other jurisdictions within that domain.

1. Business Interactions with Government: Seychelles receives a medium score of 43 in this domain, based on a high degree of government interaction, a low expectation of bribes, and a medium regulatory burden.

2. Anti-bribery Deterrence and Enforcement: Seychelles receives a medium score of 44 in this domain, based on a medium quality of anti-bribery dissuasion and a medium quality of anti-bribery enforcement.

3. Government and Civil Service Transparency: Seychelles receives a medium score of 43 in this domain, based on good governmental transparency and medium transparency of financial interests.

4. Capacity for Civil Society Oversight: Seychelles receives a medium score of 40 in this domain, based on a medium degree of media freedom/quality and a medium degree of civil society engagement.
