Bahrain

Overall Risk Score: 56

Risk Level: high

This score is a composite of the four domain scores discussed below, which are weighted and combined to produce the overall country risk score. Each country is given a score from 1 to 100 for each domain and for the total bribery risk. A higher score indicates a higher risk of business bribery. Assessments of whether a given domain score is “good” or “poor” are made relative to all other jurisdictions within that domain.

1. **Business Interactions with Government**: Bahrain receives a medium score of 39 in this domain, based on a medium degree of government interaction, a medium expectation of bribes, and a low regulatory burden.

2. **Anti-bribery Deterrence and Enforcement**: Bahrain receives a poor score of 77 in this domain, based on a very low quality of anti-bribery dissuasion and a medium quality of anti-bribery enforcement.

3. **Government and Civil Service Transparency**: Bahrain receives a medium score of 54 in this domain, based on medium governmental transparency and medium transparency of financial interests.

4. **Capacity for Civil Society Oversight**: Bahrain receives a very poor score of 74 in this domain, based on a very low degree of media freedom/quality and a low degree of civil society engagement.
