

# Colombia

**Overall Risk Score: 46**

**Risk Level: medium**

This score is a composite of the four domain scores discussed below, which are weighted and combined to produce the overall country risk score. Each country is given a score from 1 to 100 for each domain and for the total bribery risk. A higher score indicates a higher risk of business bribery. Assessments of whether a given domain score is “good” or “poor” are made relative to all other jurisdictions within that domain.

- Business Interactions with Government:** Colombia receives a medium score of 50 in this domain, based on a high degree of government interaction, a medium expectation of bribes, and a medium regulatory burden.
- Anti-bribery Deterrence and Enforcement:** Colombia receives a medium score of 55 in this domain, based on a medium quality of anti-bribery dissuasion and a medium quality of anti-bribery enforcement.
- Government and Civil Service Transparency:** Colombia receives a good score of 37 in this domain, based on medium governmental transparency and good transparency of financial interests.
- Capacity for Civil Society Oversight:** Colombia receives a medium score of 42 in this domain, based on a medium degree of media freedom/quality and a medium degree of civil society engagement.
