

Micronesia

Overall Risk Score: 39

Risk Level: medium

This score is a composite of the four domain scores discussed below, which are weighted and combined to produce the overall country risk score. Each country is given a score from 1 to 100 for each domain and for the total bribery risk. A higher score indicates a higher risk of business bribery. Assessments of whether a given domain score is “good” or “poor” are made relative to all other jurisdictions within that domain.

- Business Interactions with Government:** Micronesia receives a medium score of 38 in this domain, based on a medium degree of government interaction, a low expectation of bribes, and a medium regulatory burden.
- Anti-bribery Deterrence and Enforcement:** Micronesia receives a good score of 19 in this domain, based on a high quality of anti-bribery dissuasion and a high quality of anti-bribery enforcement.
- Government and Civil Service Transparency:** Micronesia receives a poor score of 69 in this domain, based on medium governmental transparency and poor transparency of financial interests.
- Capacity for Civil Society Oversight:** Micronesia receives a good score of 22 in this domain, based on a very high degree of media freedom/quality and a medium degree of civil society engagement.
