

Mozambique

Overall Risk Score: 57

Risk Level: high

This score is a composite of the four domain scores discussed below, which are weighted and combined to produce the overall country risk score. Each country is given a score from 1 to 100 for each domain and for the total bribery risk. A higher score indicates a higher risk of business bribery. Assessments of whether a given domain score is “good” or “poor” are made relative to all other jurisdictions within that domain.

- 1. Business Interactions with Government:** Mozambique receives a medium score of 54 in this domain, based on a medium degree of government interaction, a high expectation of bribes, and a medium regulatory burden.
- 2. Anti-bribery Deterrence and Enforcement:** Mozambique receives a poor score of 63 in this domain, based on a medium quality of anti-bribery dissuasion and a low quality of anti-bribery enforcement.
- 3. Government and Civil Service Transparency:** Mozambique receives a poor score of 67 in this domain, based on poor governmental transparency and poor transparency of financial interests.
- 4. Capacity for Civil Society Oversight:** Mozambique receives a medium score of 50 in this domain, based on a medium degree of media freedom/quality and a low degree of civil society engagement.
