

# Slovak Republic

**Overall Risk Score: 35**

**Risk Level: low**

This score is a composite of the four domain scores discussed below, which are weighted and combined to produce the overall country risk score. Each country is given a score from 1 to 100 for each domain and for the total bribery risk. A higher score indicates a higher risk of business bribery. Assessments of whether a given domain score is “good” or “poor” are made relative to all other jurisdictions within that domain.

- Business Interactions with Government:** The Slovak Republic receives a medium score of 41 in this domain, based on a low degree of government interaction, a low expectation of bribes, and a high regulatory burden.
- Anti-bribery Deterrence and Enforcement:** The Slovak Republic receives a medium score of 44 in this domain, based on a medium quality of anti-bribery dissuasion and a high quality of anti-bribery enforcement.
- Government and Civil Service Transparency:** The Slovak Republic receives a good score of 33 in this domain, based on good governmental transparency and good transparency of financial interests.
- Capacity for Civil Society Oversight:** The Slovak Republic receives a good score of 19 in this domain, based on a high degree of media freedom/quality and a high degree of civil society engagement.
