United Kingdom

Overall Risk Score: **14**

Risk Level: **very low**

This score is a composite of the four domain scores discussed below, which are weighted and combined to produce the overall country risk score. Each country is given a score from 1 to 100 for each domain and for the total bribery risk. A higher score indicates a higher risk of business bribery. Assessments of whether a given domain score is "good" or "poor" are made relative to all other jurisdictions within that domain.

1. **Business Interactions with Government:** The United Kingdom receives a very good score of 14 in this domain, based on a very low degree of government interaction, a very low expectation of bribes, and a very low regulatory burden.

2. **Anti-bribery Deterrence and Enforcement:** The United Kingdom receives a good score of 21 in this domain, based on a high quality of anti-bribery dissuasion and a high quality of anti-bribery enforcement.

3. **Government and Civil Service Transparency:** The United Kingdom receives a very good score of 11 in this domain, based on very good governmental transparency and very good transparency of financial interests.

4. **Capacity for Civil Society Oversight:** The United Kingdom receives a good score of 13 in this domain, based on a high degree of media freedom/quality and a very high degree of civil society engagement.

---

TRACE Bribery Risk Typology:
**Larger democracy with strong civil society**

This group is typified by stable democracy with strong civil society and large, highly developed economies.
