

# Uruguay

**Overall Risk Score: 26**

**Risk Level: low**

This score is a composite of the four domain scores discussed below, which are weighted and combined to produce the overall country risk score. Each country is given a score from 1 to 100 for each domain and for the total bribery risk. A higher score indicates a higher risk of business bribery. Assessments of whether a given domain score is “good” or “poor” are made relative to all other jurisdictions within that domain.

- Business Interactions with Government:** Uruguay receives a medium score of 40 in this domain, based on a high degree of government interaction, a low expectation of bribes, and a medium regulatory burden.
- Anti-bribery Deterrence and Enforcement:** Uruguay receives a very good score of 9 in this domain, based on a very high quality of anti-bribery dissuasion and a very high quality of anti-bribery enforcement.
- Government and Civil Service Transparency:** Uruguay receives a good score of 26 in this domain, based on good governmental transparency and good transparency of financial interests.
- Capacity for Civil Society Oversight:** Uruguay receives a good score of 14 in this domain, based on a high degree of media freedom/quality and a high degree of civil society engagement.
