Seychelles

Overall Risk Score: 40

Risk Level: low

This score is a composite of the four domain scores discussed below, which are weighted and combined to produce the overall country risk score. Each country is given a score from 1 to 100 for each domain and for the total bribery risk. A higher score indicates a higher risk of business bribery. Assessments of whether a given domain score is “good” or “poor” are made relative to all other jurisdictions within that domain.

1. Business Interactions with Government: Seychelles receives a medium score of 51 in this domain, based on a high degree of government interaction and a low expectation of bribes.

2. Anti-bribery Deterrence and Enforcement: Seychelles receives a good score of 36 in this domain, based on a high quality of anti-bribery dissuasion and a medium quality of anti-bribery enforcement.

3. Government and Civil Service Transparency: Seychelles receives a good score of 32 in this domain, based on good governmental transparency and good transparency of financial interests.

4. Capacity for Civil Society Oversight: Seychelles receives a medium score of 33 in this domain, based on a medium degree of media freedom/quality and a high degree of civil society engagement.
